History of SHARE

SHARE, Sharing Hands A Respite Experience, was originally the vision of Tom Jones, present Executive Director of SHARE, and was started by First Christian Church, Midland, as an outreach ministry to families with children who have special needs.

Tom was a special education teacher at Sam Houston Elementary in Midland and part of his duties was to be the crossing guard for the school children in the morning before school. One of the students and parents who utilized the crosswalk became significant to Tom. The young boy was quite enthusiastic to get to school each morning and his poor mother looked like she was just as tired as a person could be. He learned over time that the boy had been diagnosed with Autism and very often his father worked out of town and his mother was taking care of him alone most of the time. He also learned that the young boy would awake in the early hours of the morning and get himself ready for school and then awake his mother to the onset of another new day. Tom thought there had to be a way to get this family some kind of assistance to help with such a demanding schedule that was driven by the effects Autism had on the young boy. After many conversations with the mother, he learned that it was extremely hard to find acceptable and responsible childcare for her son and getting a break to simply relax was not part of their families' lifestyle. Tom then began his quest researching local non-profits to see if there was any way to get this family some help and came up with nothing time and time again. So he thought, why not start a program that would do exactly what he was looking for, for this family? He approached the board members at First Christian Church and presented his idea and they agreed this was a warranted service for the community.

SHARE has grown to service over 195 families in the Midland and Odessa areas, as well as a few from surrounding cities such as, Iraan, Kermit, Andrews, Stanton, and Big Spring. Currently, there are two respite nights held monthly in Midland at First Christian Church and one respite night (with another night being added in 2015) held monthly in Odessa at CrossRoads Fellowship Church. Additionally, there are Parent Quest support group meetings, a Grief SHARE support group meeting and Sibling

workshops (called Sibshops) held in both cities for the SHARE families to attend, receive support, educate themselves and enjoy fellowship with other family members with children with special needs.

In 2006, SHARE initiated and held the first AUSTIM WALK in the Permian Basin, raising more than \$30,000.00 for the Autism Speaks Foundation. Since 2009, the walk has been renamed to the SHARE Autism WALK and has raised more than \$250,000.00 for SHARE as well as the Autism Speaks Foundation.

Also in 2009, SHARE became a non-profit 501 (c) 3 charitable organization allowing it utilize more state funding and grants to help support its programs. Through these grants SHARE is able to provide in-home respite care for families as well as monthly respite care at the churches.

SHARE has come a long way from its humble beginnings of a man just trying to help out a tired mother to a full-fledged charitable organization servicing several families in Permian Basin.

Funding for SHARE

SHARE receives funding from a variety of organizations throughout the area. First Christian Church continues to support SHARE through in-kind contributions and the use of the church facilities for its programs. CrossRoads Fellowship Church and Second Baptist Church also support SHARE through in-kind contributions and the use of the church facilities for its programs.

Currently, SHARE received funding through a number a state and federal grants that we apply for, as well as many local foundations such as:

- Abell-Hanger Foundation
- Carl B. and Florence E. King Foundation
- Fasken Foundation
- Hahl Proctor Charitable Trust
- J. Robert Jones Charitable Trust
- J.C. Ferguson Foundation
- Junior League of Odessa
- Permian Basin Area Foundation
- Texas Department of State Health Services
- United Way of Midland
- United Way of Odessa
- Wayne and JoAnne Moore Charitable Foundation.

Our biggest fundraiser of the year is our SHARE Autism WALK which raises more than \$100,000.00 annually for SHARE. Another great fundraiser SHARE hold is the CONCHO Shooters that SHARE Clay Shoot which raises approximately \$30,000.00 for SHARE programs.

Lastly, SHARE receives a percentage of its funding through private donations from community members which are largely generated through SHARE's annual appeal letter campaign.

SHARE Mission Statement and Vision

Mission Statement:

SHARE partners with all members of families where there are children with special needs, supporting their efforts to establish and maintain strong and successful families.

Vision:

It is SHARE's vision that it will not only benefit the child with special needs, but the parents and siblings as well.

- Parents will find relief from the constant care demands of their child with special needs. They will have an opportunity to "focus" on other important quality of life issues such as relationships with spouse, other children within the family, and/or friends. Additionally, they will recognize they are not alone and that there are others who care about their struggles.
- The child with special needs will find a change from their daily routine; the possibility for new friendships/relationships and experiences; encounters with and hopefully knowledge that someone else cares for and accepts them for who they are.
- The respite volunteers will experience the satisfaction of making a difference in the lives of families that are desperately in need of such assistance and growth in awareness, understanding, and appreciation of others in need.

SHARE Volunteer

General Policies & Procedures

Policies about Policies:

SHARE recognizes that policies should fit the organization's mission. Policies should mandate and contribute to the ethical and safe involvement of our volunteers. SHARES policies must comply with all federal, state, and other legislation and regulations as well as other stipulations that might apply under collective agreements. Unless specifically stated, these policies apply to all volunteers serving in all programs and projects on behalf of SHARE, and to all departments and sites of operation of our organization. SHARE expects compliance with all policies. Volunteers must sign an acknowledgement form denoting their familiarity with all pertinent SHARE policies. Volunteers may/will be required to sign a certification indicating that they have read and understand and will comply with all/certain policies. Amendments to SHARE policies are subject to ratification by the Board of Directors which has final responsibility for such amendments, and reserves the right to amend these policies in any way at any time. Any questions volunteers may have regarding policies or their interpretation should be directed to the Director of Volunteers or the Executive Director. All policies and procedures pertaining to volunteers will be fully documented and clearly communicated to volunteers and paid staff.

Philosophy of Involvement: Why are Volunteers here?

SHARE encourages the teamwork of salaried staff adult volunteers and youth volunteers so that we can offer our children with special needs and their families the best services possible at no cost to these families. Volunteers contribute their unique talents, skills and knowledge of our community to provide personalized attention to our children and families of SHARE, enable the salaried staff to concentrate on the work for which they were trained, and educate the public about our organization and its cause. Volunteers are an integral part of our team. Without them, we would be unable to offer the outstanding quality of programming that we provide to our SHARE families.

The Right to Volunteer:

SHARE understands volunteer participation is valued because it assists our organization to accomplish its mission and reach out to provide services in the most cost-effective and compassionate manner possible. SHARE accepts the service of all volunteers with the understanding that such service is at the sole discretion of the agency. Volunteers agree that

SHARE may at any time, for whatever reason, decide to terminate the volunteer's relationship with SHARE.

Definition of 'Volunteer':

SHARE defines a 'Volunteer' as anyone who without compensation or expectation of compensation performs a task at the direction of and on behalf of our organization. SHARE volunteers must be officially accepted and enrolled by our organization prior to performance of a task. Unless specifically stated, volunteers are not considered as an 'employee' of SHARE. Youth Volunteers are those who are age 12 through 17 years of age. Adult Volunteers are those who are 18 years of age and older.

Youth Volunteers:

SHARE offers a Youth Volunteer Program for youths ages 13 through 17 years old. Youth Volunteers will be required to abide by the Youth Volunteer Policies and Procedures. Youth Volunteers are required to submit a signed "Parent Consent to Volunteer Form" in order to be eligible to volunteer with SHARE.

Allocation of Resources:

SHARE honors a strong commitment to the provision of adequate resources and support to our volunteer program. SHARE recognizes that volunteers bring many benefits to our organization. These products of volunteer involvement are not free - despite the fact that volunteer labor is not paid in monetary terms. SHARE understands that volunteers necessitate expenditures. This is one reason why SHARE is committed to attend to the resource needs of our volunteer program.

Volunteer - Client Relationship:

SHARE expects that volunteer relationships with clients to have the same boundaries as those of paid staff and adult volunteers. At SHARE our role is supportive in nature. SHARE encourages its staff and volunteers to be friendly, caring, and supportive to the SHARE clients.

Volunteer - Paid Staff Relations:

SHARE views the presence of volunteers serving in our organization as a privilege. SHARE takes careful steps to encourage teamwork between the youth volunteers, adult volunteers and SHARE paid staff members. Youth volunteers, adult volunteers and paid staff are considered partners in implementing the mission and programs of SHARE, with each having an equal but complementary role to play. It is essential to

the proper operation of this relationship that each partner understands and respects the needs and abilities of each other.

Representation in Decision-making:

SHARE views our volunteers as an integral part of our organization. They are encouraged to offer input, regarding their assignments to our Director of Volunteers. SHARE treats our youth volunteers and adult volunteers as equals to our paid staff, in terms of respect and dignity. Our organization values our volunteers and their input.

Use of Organizational Affiliation:

Volunteers may not use their affiliation with SHARE in connection with partisan politics or religious matters.

Right of Refusal:

Volunteers are assigned to areas where it is felt they are most needed. If a volunteer is not satisfied with his/her assignment they may contact the Director of Volunteers and request to be reassigned.

It actively encourages the Permian Basin community to participate fully and benefit fully from its services. SHARE will not discriminate against any employee or applicant for employment because of race, religion, color, sexual orientation or natural origin. SHARE is committed to racial equality and the elimination of racism. It strives to reflect the Permian Basin community in its structure (volunteer and staff) and to promote equal access to its services. SHARE embraces multicultural volunteer involvement. SHARE's services are sensitive to the needs of culturally and racially diverse clients. Discriminatory or racist incidents or behavior are not tolerated. Communications present a positive and balanced portrayal of racial and cultural minorities.

Confidentiality:

SHARE staff and volunteers are responsible for maintaining the confidentiality of all proprietary or privileged information to which they are exposed while serving as a staff member or volunteer, whether this information involves a single staff member, volunteer, client or other person or involves overall organization business. All information- verbal or written concerning clients and their families will be held in strictest confidence and shared only with the team to the degree necessary to offer appropriate assistance with SHARE services. Only the individual client information necessary to provide comprehensive services shall be sought out. Failure to maintain confidentiality is viewed as a cause for: immediate termination of the volunteer's relationship with SHARE or other corrective action. Volunteers are required to sign a confidentiality agreement and compliance with that agreement is a condition of their participation in SHARE's programs.

Access to Information:

SHARE staff and volunteers have the right to have access to information relevant to and necessary for the satisfactory performance of their assignment. These actions may include, but are not limited to, public

statements to the press, coalition or lobbying efforts with other organizations, or any agreements involving contractual or other financial obligations.

HIV/AIDS and Other Communicable Diseases:

SHARE recognizes that policies regarding HIV/AIDS need to be guided by a commitment to the protection of the individual's right of privacy and confidentiality. HIV/AIDS is considered a handicap to which SHARE will make reasonable accommodations. These objectives need to be balanced against due regard for public health. SHARE recognizes that HIV/AIDS infection is a life-threatening illness, like cancer or heart disease, and that staff, volunteers, and clients with HIV/AIDS infection will be treated like those with any other life-threatening illnesses. Staff and volunteers with the HIV/AIDS infection have the right to: continue working as long as their condition permits; be accorded complete confidentiality concerning their HIV/AIDS status. Sexual Harassment:

SHARE intends to provide a work environment that is both safe and supportive of the dignity and self-esteem of all paid and unpaid staff, clients, family members and visitors. Sexual harassment can be called an unwarranted intrusion upon the sexual dignity of a person. Sexual harassment is any conduct, comment, gesture or contact of a sexual nature, whether on a one-time basis or in a continuous series of incidents that might reasonably be expected to: (a) cause offence, embarrassment or humiliation to any volunteer, paid staff member, client, family member or visitor of SHARE and/or (b) to be perceived by the paid or unpaid staff as placing a condition of a sexual nature on employment or on any opportunity for training or advancement. Sexual harassment can also include jokes, innuendoes, insults and sexist remarks, displaying derogatory or pornographic pictures, leering, touching, and kissing. Sexual harassment may be directed at members of the same or opposite sex. SHARE believes it is essential to secure the mutual respect, co-operation and understanding of all employees and volunteers. SHARE believes it is the obligation of both the staff and volunteers of SHARE to NOT condone or tolerate behavior which constitutes harassment in the work

place. SHARE is committed to providing everyone involved with and working for SHARE a work environment free of harassment. Allegations of any form of harassment will be documented and investigated. Proper reprimand will be implemented. SHARE does not tolerate any form of harassment.

Bullying:

Bullying involves acts of emotional, verbal and physical abuse which attempts to create or enforce one person's power over another person. SHARE will not tolerate this type of harassment or any behavior that infringes on the safety or well-being of any person working for or being serviced by SHARE. SHARE expects volunteers, youth volunteers and/or staff to immediately report incidents of bullying to the Director of Volunteers or the Executive Director of SHARE. before they can begin their service. Each volunteer will receive a copy of their job description and agreement of service with SHARE.

If the situation requires, some volunteers may be required to submit proof of professional/technical ability/qualification/license prior to acceptance as a volunteer, or from time to time thereafter. From time to time a volunteer may be required to submit written verification from their physician as to their physical/emotional/psychological suitability for their volunteer positions. Any volunteer who, after acceptance to SHARE enters a course of treatment which might adversely impact upon the performance of their volunteer duties should consult with the Director of Volunteers. The Director of Volunteers will maintain copies of licenses/certifications/verifications as part of the volunteer's file.

Grounds for immediate dismissal may include (but are not limited to): Gross misconduct or subordination; Committing a criminal offence (theft, assault, vandalism, etc.); Acts of abuse, mistreatment, violence or breach of policies or procedures; being under the influence of alcohol or drugs.

The Executive Director and/or the Director of Volunteers may terminate a Volunteer from the SHARE program.

2. The Volunteer will then be asked to immediately leave from the SHARE facility and they will be asked to never return.
3. Copies of the termination letter will be submitted to the Executive Director and a copy will be kept in the Volunteer's personal file.

Grievance/Complaint Procedure:

SHARE's grievance policy is based on the fundamental values of respect for the individual and fairness to the individual and the organization. A grievance procedure exists so that members of SHARE can voice their issues and have an avenue to solve them. Every effort should be made to solve problems cooperatively and informally before presenting them to the Director of Volunteers in writing as a formal grievance. Every effort will be made to achieve a speedy and effective resolution. All complaints

and questions will receive thoughtful considerations and will be discussed with the individual who presents the complaint.

SHARE Behavior Intervention Policy

The following should be conducted by an Adult Volunteer only.

Youth Volunteers should observe only.

It is SHARE's policy to follow a hierarchy of interventions, ranging from least intrusive to most intrusive allowable when addressing inappropriate or problem behavior displayed by children in SHARE's care. Reinforced appropriate and desired behavior as quickly as possible using praise paired with tangible items as appropriate.

1. Extinction (ignoring the behavior, withholding reinforcement by not acknowledge inappropriate/problem behavior).
2. Verbal prompt to discontinue inappropriate/problem behavior.
3. Verbal redirection (refocusing the child's attention and behavior by telling the child to perform a different activity.)
4. Logical consequences (example: child would not be permitted to complete a craft if he/she is disruptive or destructive to the group in that activity).
5. Physical redirection (using physical contact to refocus the child's attention and behavior to a different activity).
6. Time out for no more than two minutes. Child will be seated in a chair (refer to this as the "Chill Chair" and the chair should not be in a corner) by him/herself where the adults in the can room can be nearby and monitor the child.
7. Contact the Director of Volunteers and/or the Executive Director to explain to them the inappropriate/problem behavior.
8. The Director of Volunteers and/or the Executive Director will remove the child from the classroom and take the child to the gym where he/or she can be supervised by adults in that area. NOTE: The use of "seclusion" is specifically prohibited.
9. Use of restraint. NOTE: Use of restraint is only allowed under specific circumstances would consist of no more than an adult supervisor holding a child on his/her lap with his/her arms around the child until the child calms.

SHARE Universal Precautions

It is SHARE's policy that all children, staff, and volunteers be protected from the spread of infectious diseases. Staff and volunteers must use universal precaution to prevent any spread of infectious diseases.

"Universal precautions" simply means using precaution for handling both blood and bodily fluids containing blood. Universal precautions will protect you from HIV infection, Hepatitis B and many other infectious diseases. Taking universal precautions will result in fewer illnesses for you and others around you. All blood and bodily fluids should be assumed to be infectious for HIV and HBV.

Universal precautions included the actions below:

- Wash your hands with soap and running water at regular times when participating in SHARE's programs. Common infectious diseases may be contracted from dirt and waste encountered in the facility. Blood is the single most important source of HIV infections, AIDS and Hepatitis B (HBV).
- Avoid punctures with objects that may contain blood of others.
- Handle discharges from another person's body (particularly body fluids containing blood) with gloves, and wash hands thoroughly with soap and running water when you are finished.
- Carefully dispose of trash that contains body wastes and sharp objects. Use special containers with plastic liners for disposal of refuse that contains blood or for any bodily spills that may contain blood. For disposal of sharp objects, use containers that cannot be broken or penetrated. Do not bend, break or recap needles or multiple puncture scarifiers used in tuberculin testing. Put in puncture proof hazardous waste containers.
- Promptly remove another person's blood and bodily wastes from your skin by washing with soap and running water.
- Clean surfaces that have blood or bodily fluids containing blood with an Environmental Protection Agency approved disinfectant.
- Have a vaccination for protection from Hepatitis B if you are a health care worker.

Infection Control

It is SHARE's policy to ensure sufficient measures are taken to prevent infection and /or spread of infections. Bottles of alcohol gel shall be placed in each care room on respite nights. The RN on duty is responsible for ensuring all staff and volunteers follow procedures that prevent the transmission and spread of infectious disease and universal precautions. Upon discovering a communicable disease, whether child or employee, the RN will develop a plan of action and ensure it is carried out.
